Discussion/Self-Reflection Questions

Vignette Title: It Is Sex

- How is oral sex viewed among your friends? Is oral sex different than sexual intercourse?
- What are the risks – emotional and physical – of oral sex? How are the risks different from having sexual intercourse? How are the risks the same as having sexual intercourse?
- Is it okay to be involved in oral sex as long as it doesn't include intercourse? Is oral sex considered being abstinent?
- The video states, "They think they have to do it because everybody's doing it, but everybody is NOT doing it, I mean, I'm NOT doing it." Do you think that most of your friends are having sex?
- Are there physical, social, spiritual, emotional, intellectual and financial risks of being involved in oral sex?
